

REVEREND ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ BACKFLASH

TECHNICAL RIDER

First of all, REVEREND BACKFLASH is a classic Rock-Setup
—> Drums / Bass / 2 electric Guitars / 3 vocals in the front

And here's what we need for a cool R'n'R-Show:

STAFF:

We Need:

- One sound-system-engineer for soundcheck and show (on stage)
- One light-system-engineer for soundcheck and show

We Have with us:

- One sound-operator (Jan Lesjak / jan@viennaatmosphere.at, +43 (0) 678 1227980)

PA & Mixer:

- Full Range PA System well fit for venue
- 1x shielded CAT 5e Cable from stage to FOH (max. 75m) to be connected to our mixing-desk (Midas M32) and stagerack
- 1x Table for the mixing desk

MONITORING:

- 4 separate monitor mixes
- 6 monitor wedges linked as pairs at the 3 front positions (Mix 1-3)
- 1 Drumfill sub/top (mix 4)
- all amps and cables
- 4 Input Cables (XLR) from drum position to monitor-amps

REVEREND BACKFLASH RIDER 2020

Any questions, contact Stevo: +43 (0) 650 2700721 / stevo@reverendbackflash.com

MICROPHONES:

- We bring our own microphones
- 6 large, 6 medium and 1 small mic-stand
- XLR-cables

BACKLINE / MISC:

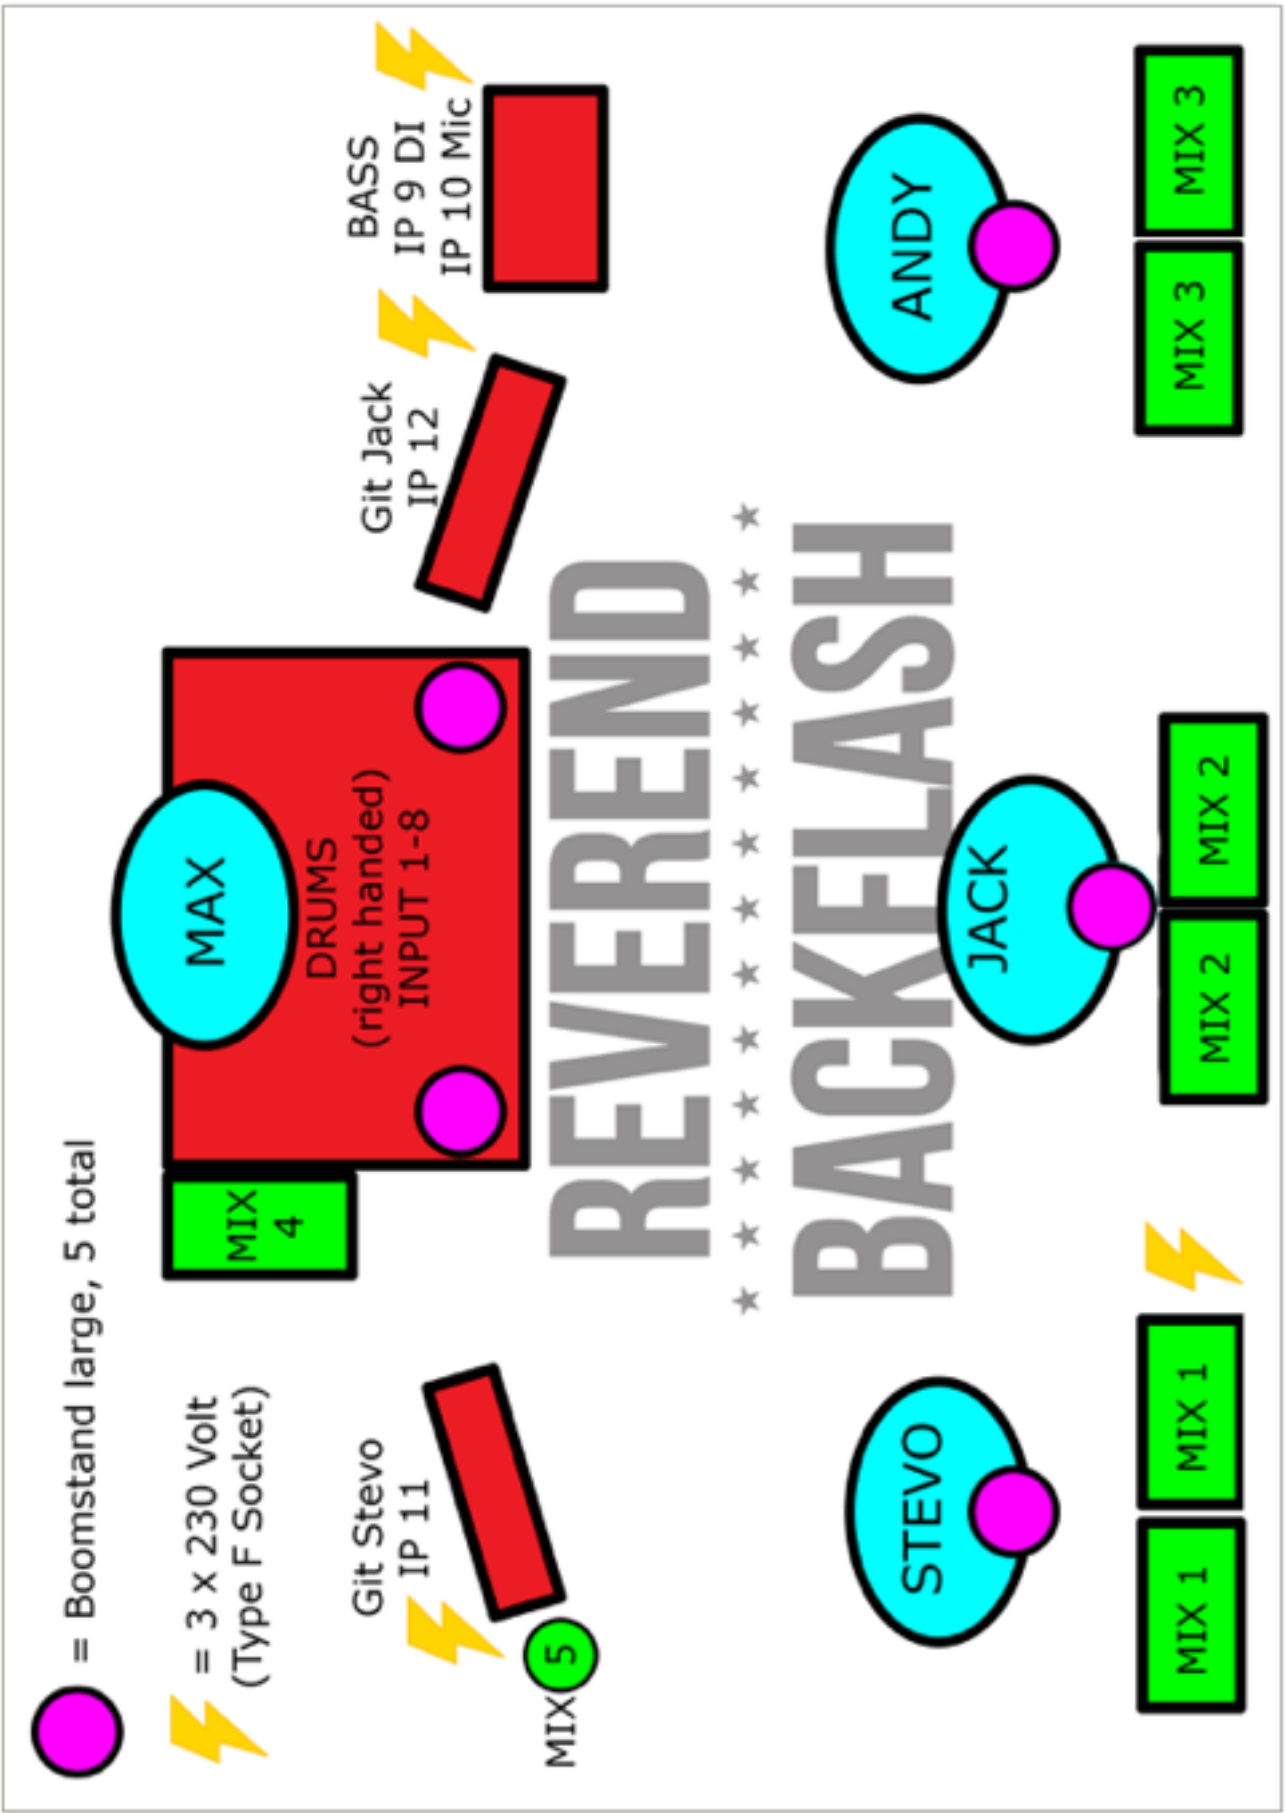

- We bring our own backline
- Please provide some space next to the stage to store our gear after the show

LIGHTS

- We don't have special light requirements, but it would be great to have a motivated light-engineer who can run a full-throttle rock-show!
- We'll provide a setlist with some color-propositions

STAGEPLAN / INPUT LIST

- see page 3 and 4 of this document
